Home Assignment 16th March 2020 – 14th April 2020

LKG

Note: 10 Marks for each subject

Dear Parents,

“The Bonding Time” is the quality time you spend with your child by helping and guiding them to grow, learn, and embrace values and etiquettes.

Spending quality time with your child is extremely important for their development and happiness.

Involve them in various indoor activities: Tying of shoe-lace, Counting beads, Folding handkerchiefs, Helping you in laundry.....

There is nothing to beat a good old bedtime story – “Read to them, Read with them, and have them Read to you.”

Go Natural →By involving them to do relaxing activities like yoga, gardening, learn small prayers.

After all, like someone has said – “To be in your children’s memories tomorrow, you have to be in their lives today.”
